## *A Message from Freeholder Director Gerald M. Thornton*

It continues to be an honor to serve as Director of the Board of Chosen Freeholders. Having been a freeholder for more than 31 years, I have had the privilege of working with many dedicated elected officials and employees. Today, I am proud to say, is no different. I want to assure you that this Freeholder Board along with our expert administrators and conscientious employees are working to bring about positive change in our county.

I continue to be proud of what we are accomplishing. It is not always easy. We are often faced with issues that strain our resources and strengthen our resolve to find ways to work together with state and local organizations to meet the needs of those who are less fortunate.

The health, safety and quality of life of our residents and visitors have always been and continue to be the main priorities of this board. As elected officials it is our responsibility to meet the challenges that confront us, while at the same time be fiscally responsible so as not to burden our current taxpayers or future generations.

With this in mind, the county is engaging in a number of innovative projects and programs that we believe will result in economic growth in our county and increase the well-being of our residents. We hope that, among other benefits, these efforts will provide our young people with new and exciting opportunities to remain in the county and raise their families.

Together with my colleagues on the board, we will continue to move forward with new ideas and a fresh approach to governing to better serve you and make this county an even better place to live and visit.

## *Official County Seal adopted in 1927*

### **The History:**

County records indicate that the first mention of the “County seal” was on February 6, 1838, when the Board of Freeholders asked Jeremiah Leaming to make a seal for the County. There is no description of what type of seal it was or what it looked like. A County seal was not mentioned again in records until May 7, 1872, when the Director of the Board of Freeholders, Dr. Alexander Young, suggested that a new County seal be made as the old one was poorly made and should be destroyed. There was no description given of the appearance of this seal either.

On March 16, 1927, Freeholder Director Joseph G. Champion presented a design for an official County seal to the Board of Freeholders. The design had been made by architects Edwards and Green of Philadelphia. Champion wished to have the design installed in the floor of the new court house building on Main Street in Cape May Court House. The design was accepted and on May 1, 1927, this design became the official seal of Cape May County.

### **The Symbolism:**

The boat is believed to represent the Half Moon, the ship of Henry Hudson, who “discovered” the cape and claimed it for the Dutch. The compass arrow indicates the position of the County. The symbols around the edge represent fish or whales which, along with the anchor, represent the County’s maritime commerce. The bee hive on the right is thought to represent County industry. The stack of books on the left represents learning or education. The cornucopia between the fish represents the agricultural bounty of the County. The last symbol at the bottom of the seal is a mystery symbol. No one seems to know what this symbol stands for.
